“ I grew up on Nichols Road and remember Buddy riding his bicycle around the neighborhood stopping to talk to everyone who was outside. Occasionally he would walk the neighborhood in his stilts. He tried to get me to try walking in his stilts but I didn't do very well! He was always very nice to everyone. RIP Buddy, you were a shining example of how people treat each other . Heaven has gained a true angel. 😇

*Today is the first anniversary of Buddy leaving our world to join his family who went before him. We grew up as little kids. I remember one night we had a sleepover at my house. My room had a yellow cat whose eyes and tail would move back and forth with a glow in the eyes. Buddy couldn't take it and my father ended up taking him home late at night. At the time my family owned a nursery along Maplewood Road starting from Lodge Avenue almost to Geiger Place. We had a wood area where we set up a tent and slept out many a time. Buddy didn't like my clock but sleeping out in the woods was no problem. Life is strange. I sure miss those days.*

*“ Dearest Buddy would show up to help anytime I had an issue with my house or work that needed to be done. We would sit at Dunkin’ Donuts and talk too. He had such a huge heart and always asked after me and my family. I love buddy for his selfless spirit. He will never be forgotten.*
