JB

*Could've been avoided 100% correct. If the subject would've done what he was supposed to. No one forced him to have pot on him- it's still illegal in t this state- be a man and take the arrest- but he decided he was to important to follow da rules. So a great cop lost his because this idiot dindu nuffin and he was to busy to go to jail.*

*Look, it's an obituary. This is not Yahoo comments. Ansy Dolce didn't kill Burson. Burson got himself killed by jumping into a moving car and then shooting the driver. You can say whatever you like to defame Ansy. You can say he was a gang member. You can say he had weed in the car. But all he was trying to do was get away. The cops should have just let him go and caught up with him later. Both would still be alive.*

*The white woman who reported the incident of domestic was the catalyst for these chain of events. My brothers stop race mixing, these white women are pure evil.*

Jerome Simms - May 19, 2023 at 06:24 AM

RA

*This has nothing to do with race. Maybe if he didn't leave the "white woman that reported the domestic" for dead for her child to find her and call the police, just maybe things wouldn't have been "reported". Emergency room personnel are mandatory reporters of abuse (just FYI) Because I'm pretty sure what started this chain of events were HIS CHOICES, in which those started long before this white woman. Hinch the robbery charge in NY. So Jerome, poor dense Jerome, learn facts bro. Mixing race had nothing to do with his poor choices and the fact they cost him his life along with the police officers.*

*I watched the cam footage so I'm definitely convinced those defending this maggot who dragged the cop is deserving of his 6x6 resting place for being stupid.*

*Federal authorities were seeking to apprehend Ansy Dolce when the convicted robber fled Holly Springs police officers during a traffic stop and dragged one of them to death with his car. The Georgia Bureau of Investigation records show Dolce was on parole for robbery and attempted robbery convictions in New York. He had removed the GPS device he was wearing and failed to report in person to his parole officer and disclose his whereabouts. He also had an open domestic violence case in Illinois involving his wife, according to the GBI records. A U.S. Marshals Service fugitive task force pursued him in New York, Illinois and Missouri. Authorities were surveilling his mother's home in Waleska before Dolce's fatal encounter with Holly Springs Police Officer Joe Burson.*
