“ Anthony was a great guy. We used to spend hours geeking out together on the newest video game releases, then spend more hours playing games together. You'll be missed. You were an amazing cousin and friend.

“ Anthony was an amazing human being. His presence was known everytime he would walk into the office. He never ever had anything bad to say about anything, was always filled with good energy. The short period of working with Global Telecom he gave a great impact. He will be missed, remembered & blessed by God. May god look after him and all of us who are grieving. Much love to the family and him.
-Aj Singh & Global Telecom Supply.

“ To Anthony's Family & Friends,

My deepest condolence's for your loss. I had the pleasure of working with Anthony for only a short period of time, but wanted to share a story. Anthony and I were talking one afternoon and I was inquiring about his schooling and asked how he liked working for GTS. He shared with me that as a Pharmacology student, his aim was to one day develop a pain medication that was not tied to opioids. He explained about the destructive nature of these prescribed pills and the invasive scourge of heroin in our society. I commended Anthony on wanting to make a difference in life and help his fellow man and was impressed by his wisdom, far beyond his age. I cannot imagine your sense of grief and the pain you must be feeling, but please know he made a difference.
