“ *Art was the ultimate promoter of genealogy, solid archival practice and manuscripts management as a friend and colleague. After a satisfying telephone company career, he prepared and "retired" to his long-term love of archives and genealogy. He was an active member of the Long Island Studies Council and the Long Island Studies Group, and made many presentations. We worked together at SUNY at Stony Brook's Department of Special Collection organizing the microfilmed Yeats Collection. Irene and Art were always welcoming and hospitable.*

“ Mr Sniffin was a neighbor and a friend. We will miss the coin jar at Halloween this year and long talks at neighborhood parties. Such a gentle soul. I hope you are resting in peace and beauty right now.
