“ I'm not sure if the funeral home will send entries this far out from Audrey's funeral. My grandfather, Edward Von Lindern corresponded with Audrey for many yrs. until his death. He would have been a first cousin of Marie Ohlson(Audrey's mother), Rosalie Wieck and Anna Nolan. In recent years I came across several pictures of Marie and set them by mail to Audrey along with information about who I am. It was just recently that I saw the death listing on ancestry.com and was able to track down this site. I really enjoyed talking to Audrey both on the phone several years ago and through the mail. If you have any photos of Audrey's grandmother, Augusta, and her first husband Andrea Arbia I would love to have a copy and would be glad to send you a check to cover the cost. I am not sure where you live but I am in VA and will put the contact information below. Thank you. Kathy Haut
