“ *To the Oakely Family,*

My sincerest condolences at this time of pain. Ms. Bettye was my co worker at the VA and was the most helpful and sweetest lady out there. She always found the time to greet you and assist in any way possible. She was a real trouper who loved her job and her coworkers. May she now rest in peace with no discomfort or pain. My GOD provide you solace and help you with the pain of losing her but have faith as you will be with her again.

Truly Sorry,

Melba Ruiz

“ To Mr. Oakley and Family,
I wanted you to know how much I loved Miss Bettye. She was the kindness, sweetest person at the VAMC. Always had a smile on her face, and I loved to make her laugh or blush whenever I worked with her or had to come for an appointment. I am truly going to miss her. There will never be another like her. God broke the mold after making her. God bless her soul. May she Rest in Peace with Jesus!!
God bless the whole Oakley family

Love Always,

“ *So sorry to hear the news about Bettye! When I started at the VA, she was already employed and we had a very good working relationship. That was almost 17 years ago. My sincere sympathy to her devoted spouse who would pick her from work every afternoon and would always wave when he saw me! My condolences to the whole family!*

May God Bless you Bettye and rest in peace my friend!

Finding the right words to say and when to say them; to express sympathy can be difficult especially for someone like my friend Bettye. I suppose just saying how you really feel at anytime can only make loved ones feel some comfort. When I met Bettye at Northport I became her supervisor, that's how I met her. I can say after fourteen years I came to know Bettye as my friend. She has been the most wonderful human being to know to love and to respect. I loved her smile and her non pretentious ways. She was genuine and I missed her the last day I saw her. It seems we don't get the opportunity to tell our friends we love them; I got that chance with Bettye and she will remain forever in my heart.
