“ *Dear Cathy,  
So sorry for your loss. Charlie was a great man and I always enjoyed when he was there for product pick-up. I loved his sense of humor and straight forwardness. It was great seeing you, Joe and the kids last night. Amazing how time flies. Your talk last night was awesome!*

“ *Cathy & Family:*

*I am very sorry to hear about Charlie's passing. He was our friend and confidant at our mountain house. Charlie shared with us the history of the land, and the love for the river. We kept each other informed of wild weather and what was happening in the neighborhood. When we were at our river house I would look forward to seeing Charlie riding down our driveway on his ATV with one of his grandchildren on the back. It was comforting to know that he was there when we were there. He made us laugh and left us with a little ditty that we still say today and only those who have a place on the river can appreciate this quote "if it's yellow let it mellow, if it's brown send it down".*

*Our love to Charlie - we will always remember you.*

“ I didn't have the pleasure of knowing Charles for long, but from our short acquaintance, I know I would have enjoyed being his friend. You are at rest now.

“ Charlie will be in my heart for many years, at lest for the forty plus years I have known him. He was such a devoted husband and father. However his greatest joy and proudest feelings were for his grandchildren, Natalie and Joseph. His capabilities are too numerous to list, suffice it to say, I counted Charlie as a dear and trusted friend. All the people whose lives he touched are the better for it. We will all miss him dearly.

“ Cathy, I am so sorry to hear of the passing of your Dad. I never met him, but he must have been a good father because he helped to raise a wonderful daughter (you!). My deepest sympathy to you, your Mom, and your family.

Mr. Neuscheler was my teacher and what a great person he was. At 16 yrs old I never realized just what a priveledge it was to be his friend. I look back and remember all that he taught me not only machine shop but how to be a good soul like him. I now prepare to retire from my law enforcement job and like him I will continue to be there to help others especially when they need it.
