“ *Dr. Gentil was such an amazing Doctor. He was my Doctor for many years. I hadn't needed a Doctor in awhile and just found out of his passing today. I trusted him 100% with my health. He was always very professional Doctor and compassionate. May he rest in peace and I will always be grateful to him for treating me how all Doctor's should treat their patients. My sympathy goes out to his family.*

“ I only recently became aware of Clark's passing from one of his former patients. When I practiced in the Huntington area, I knew him to be a good family physician with a kind disposition, trusted by his patients. He was a true colleague in every sense of the word. The medical community has lost a competent and compassionate doctor.

*“ Please accept my deepest condolences on the loss of your husband and father. I was one of Dr. Gentil's first patients and saw him shortly before his death and we talked about the past 22 years of his practice of medicine. I am saddened by his loss. He was a caring and thorough doctor. Sincerely, Charles Drakos*

“ We are deeply saddened to learn of the loss of Dr. Gentil. He was an amazing doctor who cared for our family for 20+ years. To his family, please find comfort in the fact that he will be remembered for all the good that he did. He was an outstanding doctor, who was always accurate and dedicated. Many people go their entire lives without touching the life of someone else. He did this every single day. How proud you all must be to say that this man was part of your family. He will be greatly missed.

“ Dr. Gentil was my primary physician for many years. I only left the practice out of necessity when I moved. I have yet to replace the sense of comfort and confidence I felt in him as my doctor. Yet, he was not only an excellent clinician and diagnostician. Dr. Gentil was kind and compassionate. He made you feel like he cared. At each visit, he would ask about all of my family members, each by name. To the family of this wonderful man, may you find solace in your memories and the knowledge that he made this world a better place, and mattered to so many people, even those whose lives he touched only briefly.

“ *Dr. Gentil was my primary doctor for many years. His common sense helped me many times. He once phoned me on a Sunday to give me good results from a medical test so I didn't worry. I told him I appreciated his care and concern. My thoughts are with his family.*

“ *Growing up, the Gentils were so much more than just friends and neighbors. They were family. So many of my childhood memories are centered around the adventures I had, the games I played, and the trouble I got into with Clark, Paul & Mark. Though separated by miles and time, you are still my brothers.*

*Although I can't be there in person, please know my thoughts and prayers are with you all.*
