“ *Family goes way beyond what's important to us?it touches the soul and brings a sense of coherence to all of life. Family supports valued traditions, brings joy in the mist of pain, and defies time itself. Blessed cousin, you remain in our hearts and minds touching each and every one of us.*

*Love always,  
Danny*

“ *Dear Frank and family,*

*We're so very sorry for your loss. For so many years, you, Dolores, and Maggie have made your front stoop the welcoming focal point of the neighborhood. We'll never forget how sweet Dolores was to Foxy and how patient she was with Petey. We will all miss her terribly.*

*Love,  
Joe, Al, and Petey.*
