“ *Our beloved Sister-in-Law, Dottie Roman, was the most loyal, faithful, wife to my brother, Jim. She added so much joy to his life, and we will never forget her devotion to him. We are so grateful that she made my brother's life so complete. May she rest in peace.*

“ *Aunt Dorothy's keen and sincere interest in our lives always seemed to make her much more a part of our lives than the distance between us would suggest. Her sense of humour, generosity, and thoughtfulness truly defined her. Though she never met our son Logan, her memory will live on in the stories we tell of her to him as he grows. We will miss you Aunt Dot, but feel proud to have known you.*

“ Aunt Dorothy & I talked everyday; sometimes, two or three times a day. She always loved the funny little stories I told her about our grandchildren and what they said & did. She said it was the highlight of her day! We both loved baking, cooking and taking treats to special people in our lives and we often shared recipes. She was the last remaining child of Capt. Kenneth & Lulu Nickerson and her Nova Scotia roots were very special to her. Her Nova Scotia family is planning a Memorial Service here on Feb. 15th so that we can say goodbye to her as a family. She just loved the Nickerson Reunions that she attended over the years and I know she would be happy we are all getting together to celebrate her life. She was so generous with all her unique gifts that she and Jim sent to us and we absolutely enjoyed getting the surprise parcels. We were so happy that she & Jim could visit us over the years. We sure had some fun times! She will be greatly missed and will always be in our hearts.

“ I will never forget the adventure my brother and I had, as young teenagers, when we travelled to New York for the first time, to visit Aunt Dot and Uncle Jim. It was truly an introduction to a much bigger world that, even today, roughly 20 years later, seems like yesterday as the memories are still so clear in my mind. There was no way to adequately thank Aunt Dot for that experience, but I hope that she laughed with Uncle Jim about our visit for many years - especially about the encounter we had at the Japanese restaurant when we tried wasabi for the first time! Aunt Dot was so very generous and continued to introduce new and unusual things to me and my family throughout the years. The Christmas gifts she and Jim sent us were often a source of anticipation, excitement (and sometimes some confusion!) and we always wondered where Aunt Dot found the things she sent us. We will miss you very much, and we thank you for all the laughs and memories.
