“ *To the man that was a father not a father in law to me. My biological father could not ever have been 1/10th of the man of my father in law Frank Sartori. People say he was harsh and rash at times but his bark was louder than his bite. I will always remember him and my mother in law as the two most generous people in my life and his families life. I am saddened . For selfish reasons not going to have him around physically anymore but he will always be in my heart . A little over 41/2 years ago the most unimaginable tragedy any father could endure was to bury his 1 st born daughter my amazing wife Donna. Both my father in law and mother in law never have heeled from this tragic event. Well Frank you are once again together with my baby. She loved her daddy to the moon and back.*

We all benefited and thanks to your generosity in one way or another I would not have what I have today if it was not for you. Never really told you that often but you know I loved you. As a father , father in law, brother , uncle , brother in law , Grandfather or a close friend all have benefited from his generosity . You will be greatly missed. Frank Sartori my (Father) in law.
