“ Hello. I was a co-worker with Fred for about two years in the Physical Plant at Farmingdale State College. I came on board in 2015. Fred was one-of-a-kind. He was an old-fashioned gentleman with an edge that I found amusing and charming. I especially loved the way he answered the phone.... "Fred Harrison here". And, we shared a birthday. I was born on December 26, 1957 so you can see how he holds a special place in my heart. A true Capricorn! I will always remember Fred as a kind, caring and special man. He will be missed at the job. You have an eternal Angel in Heaven who will continue to sparkle and shine...and smile. Rest well Fred.

“ I started in the Registrar’s Office 31 years ago; our friendship developed throughout the years. I truly cherished those times you would stop by my office to chat about all things from business to personal. You always brought a smile to my face and I will truly miss your very distinctive voice at the counter! “Is Cindy here?” These memories will stay with me forever... Rest in Peace and God Bless you and your family.
