“ Dearest Aunt Lucy and Cousins,

My sincerest condolences to you all. I'm still in shock that things turned for the worst and he wasn't able to get thru his rehab. Last conversation I had with Aunt Lucy things seemed hopeful. I kept praying. Uncle George is at peace now. I'm sure my Mom was there to greet him! He will definitely be missed. I have wonderful joyful memories of the many Holidays and Birthdays we spent together even though you were in NY and we were in MA. Sending you all a Big Hug of Comfort!

With much Love your Cousin, Vickie

“ *To Our Dad...*

The man when we were little would hold our hands and as we got older was always there to still hold our hands. He was the best father we could ask for. I have never met such a strong and strong willed man and I wish I could be 1/2 of what he was to all of us. We will all miss him everyday. The lives he has touched and the caring he gave. He loved every one of us and all his grandchildren and his great granddaughter.

We love you Dad and will miss you..

So glad you are at peace.

Watch over us and protect us.

Love,

Joan
