“ *Memories are what we leave behind us. Our fondest memory of Irma is from her visit with us in Maine. During that week we came to fully appreciate my fun-loving, energetic and thoroughly caring cousin. Irma, all of us will miss you.*

“ *Irma lived live to the fullest, and I am blessed to have been a part of that for 58 years. We traveled together and had lots of laughs. I will miss her greatly.*

With much love to the family,

“ *The world is a little less bright without your presence. You are sadly missed!*

As Auntie Mame said and how you lived "Life is a banquet.." and you invited everyone to your table to share in your

love of this life! Thank you for entering my life - I miss you and love you!

“ *Dear Sister-in-Law, you will always be remembered for embracing life with enthusiasm, excitement and joy. You carried all your burdens and pain with a smile, and looked at the cup half full. You are an example to all of us. I can hear you saying, "Live life now!" You will be dearly missed.*
