“ *My heart is in pieces knowing you have been taken from us, my sweet funny Aunt Jo-Ann. I can't begin to find the words to express all you have meant to me and to all of us. We love you and will miss you so much. This world was so much better with you in it. I can understand why God wanted you for Himself and know that now in Heaven you are free of pain and suffering. ..you can walk, run, dance and see everything. I'm counting on you to watch over us until we meet again...my sweet lady. ??? All our love, Laura Lombardi, and Ciara, Damian & Bella Yodice*

“ Dear Jo-Ann,

We met all those years ago, in 1978. I was a new employee in my first job out of college. You already had been at the USGS for a few years. As you did for many new employees, you helped me learn the ropes of the new job, the little things that take a while to learn. Things like, who the pranksters were and what to watch out for, and who was a bit cranky and their best times. You warned me that early mornings were not your best time, but I never noticed ;)

We worked together so much on reports. Those were the days when we hand wrote our reports on loose leaf and the “typist” (no word processors back then) worked the wonder of turning it into a publication. You took care, special care, of all my reports. Do you remember when my car was stolen, totaled, and abandoned in the woods. My handwritten, 200-page manuscript was in my briefcase in the trunk. After I gathered the pages that were blowing through the woods and sheepishly brought them to you, in not quite the best condition, you smiled, said “Don’t worry Herbie, I can fix this”, and worked your wonder.

Thanks Joanne! For all the little things, and the big things too!

You will be remembered always!

“ *I worked with Jo-Ann at the USGS until her retirement. She was a nice person who always offered her advice and help on my manuscripts. As a new scientist I learned a lot from Jo-Ann on how to publish my work. I will always cherish our friendship.*

“ *Jo-Ann and I became friends about sixty years ago when we first met in kindergarten. She was a bubbly person with the cutest smile and we stayed best friends for all these years. I have so many wonderful memories of our times together; the many dinners at my home, the places we went and our many long talks together! She was like a sister to me and my family treated her the same way. My heart is broken and I will miss being able to call her up and say "hi", but I will cherish every moment we spent together. I know she is at peace, finally, and that makes me smile. Rest in Peace Jo-Ann; you are forever in my heart! Love Paula*
