“ *Dear Fulton family and friends.*

*I wanted to express my deepest sorrow in the passing of John. He was an amazing human being and boss. I worked at the Pennysaver for 7 years and he took me under his wing as we "computerized" the art department. We took many trips to the city to view trade shows on desk top publishing. I can honestly say that IF it was not for John Fulton and introducing the Macintosh computer to me at the pennysaver, I would not be as successful as I am today. I wish I could thank him now for playing a pivotal role in my life and my world. Infact... I met my wife at the Pennysaver!!! I want whit and John's wife to know that John touched so many lives and I was proud to know him and work for him and the Fulton family. My prayers are with all of you during this tough time.*

*Sincerely*

*Billy McGlone*

“ *Our thoughts are with you in this difficult time. When we think of John, we think of his contagious smile and his positive outlook on life. He was always so good with the kids and with our son Chase. He will be missed.*

“ *Maureen*

*Chris and I were so sorry to hear about John. He was always such a great guy to talk to during lacrosse games. He was always so complimentary about the way Mike played. We always had a soft spot for John. Chris said that you were always in a better mood after talking to John.*
