“ *hi Dad, it's been three years since you're gone and I believe this is the first time I'm writing, not because I don't think of you but because I miss you. It's hard for me to write sometimes. But since you left I miss you terribly I miss my weekend visits with you I miss getting you your scratch off tickets having dinner with you on Saturday nights I think of you every day and I miss you more and more just like mommy there is a very big hole in my heart without you I want you to know that I love you and I miss you and you are always in my heart on my mind and with me. You were the most incredible dad anyone could ever have and I was the luckiest boy and man to have you you brought me up with good morals taught me right from wrong and told me that hard work is a way to succeed. Thank you for everything daddy I love you. Love your son Guy.*

My world is filled with my grand children and my kids now but it is still very empty and lonely with out you and mommy. I didn't have you guy's as long as i wanted too. “ I remember always seeing Mr. Carpico handing out samples at Pathmark and talking to everyone with his huge smile! He was always larger than life and he always had a different name for me. He was silly, and as a little girl I absolutely loved him! As I grew older, and when my own grandfather passed away I will never forget what he said to me at my grandfathers wake. He said "Mary, I can be your grandfather now." That really meant a lot to me that he cared for me as much as my own grandpa did. Aunt JoAnn, You have been an amazing daughter to your father and he is smiling that big smile down at you and your brothers right now. All my love to the Carpico Mulzoff family at this time.
Love Mary
