“ *Uncle Joey's gentle kindness was always evident in all that he did and whenever in his presence you felt happier & cared for...sincerely.*

As soon as we bought our home, Uncle Joey came over with his hand-made wooden bird house & bird feeder to brighten things up - it did & still does...Hanging on our Dogwood viewable from the front window.

When Jacob was born, Uncle Joey arrived with a handful of "wooden fun" made totally out of love...the "climbing Bear on the rope" was a favorite and a Halloween doesn't go by without the placement of his home-made bats & pumpkins for everyone to enjoy!

Uncle Joey, you were always a strong presence with the most gentlest loving, welcoming spirit...We Love You,

Arnold, Kathryn & Jacob

“ I will miss you sincerely uncle joey, but the memories you left me are one of a kind. Your uplifting spirit and great sense of humor brought smiles to everyone around you. I love you so much! My Blessings go out to aunt Doreen and all the kids during this time. Wish I didn't have to be back at school so I could be there with you all. I send all my love!
