“ *Speaking for my wife Mg, Marilyn's true best friend, the girls got into a lot of trouble. Yes, they were adventurers who at the drop of a hat made for 'the City'. Is there a reason why they failed to discuss being in the city? I think so. Can only recant tales of the past. The UN lunches with Bill, maybe, or with others? Burns the fingers to even talk about... recanted tales. Living the theater, surely not just watching shows on Broadway, no these girls went for the big time(s). Take your dreams to heaven. We love you Marilyn and your memory touches each day we are apart. "Hot tea please", what does that mean? I'll bet it was part of some ancient... Girls had secrets and laughed without a moment of silence... what in the world are you talking about? Please bury the server, the hard drive, and start the new adventure with God. We're coming so pave the way for your one true friend, forever...*
