“ *Mary Ann,*

You brought my boys, Jesse and I such joy. We loved being welcomed home by your smile and conversation. We will miss bringing you lunch and dinner, the many conversations and your hand made gifts. My boys will forever love their Mary Ann.

My heart breaks for you all. All of our love and prayers.

“ *Dear Florrie, Barbara, Billy*

During so many years of our life on Oak Ave., dear Mary Ann was a constant, someone you could count on as a consistent presence. One of my (Fran's) fondest memories is of Mary Ann passing me on one of her walks as I pulled out old marigold plants. She stopped to teach me how to collect and save the marigold seeds. She knew so much about gardening and making things grow. May God grant her peace.
