“ *well mom it's seven years you've been in heaven and today you would've been 93 years old. I can't tell you since you left how much I miss you each and every day I lost my best friend my pal my confidant and my mom when you left. Although all the memories I have of you are incredible and comforting to me till this day it is very hard not to be able to pick up the phone and And hear your voice or stop by the house and sit and talk with you. It will be a hole in my heart forever I miss you and I love you with all of my heart happy birthday my wonderful beautiful mother love your son Guy.*

“ *The Carpico family,*

I am offering you my deepest sympathy at the loss of a loved one in death. Death is unnatural for humans because we were created to live forever. Jesus promised that there will be a resurrection. John 11:25 & 26 " Jesus said to her, "I am the resurrection and the life. The one who exercises faith in me, even though he dies will come to life and everyone who is living and exercises faith in me will not die at all." I hope this thought gives you a measure of comfort in your time of need.

“ Grandma Carpico was a delicate and lovely woman. Every time I saw her she had on perfect makeup, and looked beautiful. She was kind hearted and cared for everyone she knew. She passed all of these amazing qualities onto her family. God bless you Monica.
