The pool picture was taken in 1965 or 1966 judging by the size of the youngest kids. It's the entire Kostiw, Smith and Gaviola families with the exception of my Dad who took the picture. We had such great times as families growing up together. Swimming in our back yard, playing baseball in front of your house and basketball in your driveway with Jeff, Scott and Brad are memories I will keep forever along with the backyard cookouts we shared. Mom and Dad always looked forward to their bridge games with you and Mrs. Kostiw. Thanks Mr. Kostiw for being a great neighbor and friend. I wish you winning 7 No Trump hands and birdies galore in Heaven. Know that you are loved and missed.

I will always remember when Nick was VP at the Montreal Paramax facility. His command of the French language overwhelmed me. I would have been very happy to work for Nick, any time, any place. He was a great leader.

I remember Nick from when I worked at Mac Field on the MK-92 program. I didn't work directly for Nick but for systems when they needed some additional help from the people working on the production line. He was a great guy to know and he will be missed by all that knew him.

I spent three years (1983-1986) living in Montreal PQ, heading up the project to construct a new "world headquarters" facility for Paramax. Nick was key and instrumental to both my success and the success of the company. Nick and I worked very very close and we enjoyed many fun evenings at our favorite restaurants in downtown Montreal. Nick was a true gentleman, and professional, and he enjoyed practicing his command of the French language....particularly in the restaurants. I always had great respect for Mr. Kostiw.....and I will miss him.
