“ Dear Terri, Tim and Caroline. Prayers and sincere condolences on your loss. As Patrick joined the Fed, when the US economy was going through a challenging and critical moment as Economy was trudging through the global financial crisis and Eurozone issues. Pat was introduced to me by Warren Wells another great colleague. Pat had many intellectual curious questions about Repo markets, and we continued the dialogue on the Tri Party reforms. Most recently in 2022 I had responsibility of updating Pat and his team on the market developments at a troubled European Large institution. Throughout that period, he appreciated my early morning emails. His desire for the collective accomplishment stood out. Once again, I am sorry for your loss. May all your great memories be of some comfort during this difficult time. You all will be in my prayers.

“ Please accept my deepest condolences. Patrick and I worked together as analysts at CapMAC in the late '90s. Though peers, I learned much from his thorough, forward-thinking analytical approach. Though my time at CapMAC was brief, we stayed in touch as our careers crossed paths here and there. The last time we spoke was before he joined the Fed. By then, he had already built an impressive career at S&P, yet he remained the same kind, approachable, humble and quick witted Patrick—something I always appreciated. May you and your family find comfort in your memories and may God grant him eternal rest.

“ My sincere condolences on your loss. Patrick joined the Fed during a very critical time as we were in the midst of the global financial crisis. I had responsibility for the discount window at the time and remembered just how instrumental Patrick was helping us with building out a credit review program and all his contributions throughout that period. He was all about how he can be of help. Again, I'm so sorry for your loss. May all your great memories be of some comfort during this difficult time.

“ I had the good fortune of working with Patrick at both S&P and at the Fed. In addition to being a highly knowledgeable, capable, collaborative professional, he was a reliable source of clearheaded, pragmatic advice and good humor. His son and daughter are just slightly older than my own, so I found his frequent accounts of their activities, academic paths and even holiday presents very instructive!

Patrick's untimely passing is a tremendous loss to all who knew him. Please accept my heartfelt condolences. We will never forget him.

“ Patrick was filled with so many wonderful qualities from kindness to his humble nature to just take everything in stride no matter what. He was always willing to jump in and help in any situation and truly defined the true meaning of the word father. So many memories of hitting baseballs and going to the tennis courts to helping me get my resume together for my first real job. He was never too busy to help and always proud of his family. Patrick through marriage became a member of my family and I became part of his. He was a true brother to me and for me In every sense of the word and I hope he felt the same. During this difficult time what makes me smile is that I can just see him and my father up in heaven watching future Yankees games together like they did here and yelling at Judge together. Forever in my heart and you will never be forgotten Patrick. Love you brother!

“ Patrick was my son-in-law but was more like a son. When my husband and I would go to New York to see Patrick and their children once we could no loner drive, Patrick would always meet us at the train station, carry all our luggage and help us in any way he could. I will always remember how grateful we were to see him and his kindness.

He was always so helpful and loved watching the Yankees with my husband.

I always enjoyed walking with Patrick either at Caumsett or at my home in Virginia. We would have conversations as we walked along with the rest of his family. They were priceless times that will always be in my heart.

Patrick was one of a kind. He was always willing to help in any way he could. He will be greatly missed and will always be remembered and always be in my heart.

“ I joined the bank about the same time at Patrick almost 15 yrs ago. When I first met him he was wearing a tweed jacket with elbow patches. The last time I saw him at the office he was wearing a tweed jacket. I never knew if had 30 of those jackets or just the one. He always looked like a professor. And he always conducted himself with grace, professionalism and respect, he was smart and clever and kind to people. I'll miss the “professor” and the very decent man I worked with. My heart and prayers go out to his family.

“ Patrick was my younger brother by four years. Yet, at 13, he somehow saved enough money to purchase and give to me the most delicate and classy Seiko rectangular gold-tone watch as a good luck gift as I departed for college at 17 after my junior year in high school. I wore that watch proudly through college and law school to see me through!!! (Thank God that I actually have photos of that watch!💖) Patrick, I will truly miss your monthly or sometimes bi-monthly calls to check up on me and therefore my family as well. But I have no doubt that you will continue to be there in spirit for us all. I extend my sincerest condolences to Terri, Timothy and Caroline for their great loss of Patrick as their husband and father.

“ Patrick was my brother-in-law and he will be dearly missed by all that knew him, he was a great man. Patrick was intelligent, successful, and caring but his greatest attributes were his humility and his love for his family who he always put first. I remember all the great times we had getting our families and kids together during the holidays and on occasional summer beach vacations. We would just relax talking about life, work, family, or sports, especially the Yankees who both Patrick and my dad absolutely loved.

It is readily apparent from some of the memories already shared that he was a mentor to many in his professional life. He was also equally generous in providing mentoring in his personal life including to my son, a Finance major. Patrick graciously spent countless hours helping him review his resume and offering him career advice. My son loved these conversations and hearing the interesting perspectives that Patrick had to share with all of his knowledge and experience. My son will be forever grateful for Patrick's generosity and kindness.

Terri, Timothy, & Caroline - I know that you miss him dearly as well all do, he was a loving husband and fantastic father to two amazing kids, please find some comfort in knowing that he loved you all more than life itself and that he is in heaven, at peace, and sitting with grandpa now and they are definitely talking about the Yankees and about the families they lived every minute for. RIP Patrick, love always.

Thank you for your beautiful memory Lee, it is very much appreciated. Patrick loved spending time with his family so much. The kids were his life and he was so proud of them both. We had a lot of fun going to Nags Head and spending Thanksgiving with everyone. Beautiful memories we will cherish. Dad and Patrick are most definitely talking about the Yankees and awaiting for the new season to begin. Patrick enjoyed being a mentor and helping Brian with his resume. We do miss him very much. The kids want their father and I want my husband. We were and are so lucky to have such an extraordinary light in our lives. Someone who cared for us unconditionally and loved us for being who we are. “ The news of Patrick’s passing has deeply affected us at the Fed. As his manager over the past 10 years, I had the great pleasure of seeing his impact on all of our lives both professionally and personally. His depth of expertise and calm and caring manner carried us through many a crisis and I will be forever grateful for his guidance and counseling. Beyond the work itself, what stood out most to me was just how much he cared about his team both professionally and personally and the time and effort he put into advancing both the knowledge and the careers of those around him. My deepest heartfelt condolences to the family that he has left behind and please know that you are in our thoughts and prayers. Patrick will be forever missed as a dear colleague and friend.

“ I was blessed to have worked with Patrick for close to 10 years in two different organizations. Patrick was gifted with an ability to see the hidden talents in everyone he met and at helping them grow and thrive. No one believed in me more than Patrick did, and I will be forever grateful for his support. His morale compass was impeccable, and we could always count on Patrick to do the right thing, no matter what, no matter how difficult the righteous path might be. He was an amazing leader, who provided calm, reliable and steady leadership throughout extremely challenging market conditions. He also often helped us remember what mattered most, by asking us about our families, not out of obligation, but out of genuine care and curiosity. Yes, Patrick loved his work, but he was happiest when he gave us updates on his loved ones. Patrick made our world a better place and he will be forever missed. “ I met Patrick when I joined the New York Fed in 2009. I knew of Patrick prior to 2009 from his S&P reports, which explained complex topics clearly, demonstrated his expertise, and provided thoughtful insights. At the Fed, Patrick and I would bounce ideas off one another and I could count on him to provide a willing ear, sound advice, and a smiling grin followed by a cunning comment that always made me laugh. He was my lunch buddy in the Fed cafeteria and, in nice weather, at the pier in the East River. Patrick was a caring and good man and he will live on in my memory. I am grateful to have known him.

“ I hired Patrick into the Risk Group of the New York Fed in 2009. He was bright, hard-working, a great friend to his colleagues, and thoughtful mentor to his team. He has great vision and execution, helping the Federal Reserve manage risk of securities as part of the TALF program then building and enhanced credit review program for the discount window. “ I met Patrick standing in the line at a deli in Huntington. Mike was with me and we didn't realize that Patrick was the person in line in front of us...until he turned around! It was the first time I met one of the other triplets so it was a very strange, but special, surprise to see another “Mike.” 😂 Or is it “Pat?” Or is it “Tom?” Anyways, I hope you smile at this shared memory. I know I did. ❤️

Patrick was filled with so many wonderful qualities from kindness to his humble nature to just take everything in stride no matter what. He was always willing to jump in and help in any situation and truly defined the true meaning of the word father. So many memories of hitting baseballs and going to the tennis courts to helping me get my resume together for my first real job. He was never too busy to help and always proud of his family. Patrick through marriage became a member of my family and I became part of his. He was a true brother to me and for me In every sense of the word and I hope he felt the same. During this difficult time what makes me smile is that I can just see him and my father up in heaven watching future Yankees games together like they did here and yelling at Judge together. Forever in my heart and you will never be forgotten Patrick. Love you brother! Lynwood

Thank you Lynwood, your support really means a lot. I know Patrick is proud knowing you are helping us during this difficult time. I am sure Dad and Patrick are in heaven discussing when spring training will start for the Yankees and the season ahead. Patrick would do anything to help others. His kind heart showed through in everything he did. He is so proud of Timothy and Caroline. His loss is unimaginable to us and we appreciate your support during this painful time. Love you brother.

I am so sorry for Patrick's passing and your loss. He was a great manager and wonderful person to work with for the past 7 years. It is surreal that he is no longer with us. We are sad and missing him dearly. My heart and prayers are with his family and loved ones. May he rest in peace.

My heart truly aches with Pat's passing. He is and will forever be a part of who I am and, I am a better person, father, and brother for having had him in my life. I will always remember him with everything that I do and know that his children will live their lives with the same kindness and thoughtfulness that he carried in his heart with everything that he did. I will keep him in my prayers and will pray that he finds eternal peace.

Terri, I will be forever grateful to you for the life that you gave to my brother. I know that he loved you and the kids more than anything.

Much love to you all. ❤️

Patrick was my hiring manager at S&P. We hit it off from the very first meeting I had with him. He was a terrific manager and wonderful human being- sharp, kind and funny. Along with Peter and Steve, Patrick was instrumental in my green card processing via S&P. I am fortunate to have worked with Parick and will cherish the really touching note he sent me about a year and a half ago. RIP Patrick.
