“ Hi. I don't know if you will receive this, but Paul and I were very close for a time and my illness made us lose touch. I've been trying to contact him for a while and am hurt to find out his passing. I'd very happily tell you all I know about him. Take care.

“ We are shocked. We did not know that Paul passed away. We lost contact for the last few years. Your Dad taught our son James the trombone at East Woods and gave him private lessons in our home. We became good friends and went on several vacations together including a ranch in Montana. He also encouraged us to all get our scuba diving certifications which we did and spent lovely vacations in Grand Turk together scuba diving. We are so sorry we let that friendship lapse over time.

Rest in peace dear friend.

“ Hello Gregory and Family,

I was so very sad to learn of your father's passing. I worked with him at East Woods School for many years and we always had great fun sharing inside jokes and strange thoughts. After he left EWS I would run into him periodically at several of our favorite haunts. (King Kullen, Seaholm). We always shared stories and kept each other updated. I have been wondering where 40 CAL was as I hadn't seen it around in a bit. He sure did love that truck, and he was especially fond of the plates on it!! Had I known about the memorial service, I would have been there. I remember when he first learned that that he was going to be a 'grandpa' . He shared this information with me and I sent you all a small gift. He was so proud.

Know that you and your father are in my thoughts and prayers.

*Best ,

“ Hello Gregory and family- I worked at EW across the hall from your father for many years and we were friends as well (in fact, I believe I met you there once as well). It was a shock to learn of your father's death, and I am extremely sad to lose him as a friend! He was so talented and smart! Please know you are in my thoughts and so is your dad. Wish I could be at the service to see you in person but I live on the west coast now. My sincere sympathy to you! Laurie Bartlett
