“ *I would like to express my sympathy to Peter's family. Peter's untimely passing was a shock to me and my family, who knew and loved him. Even though it had been years since we last saw him, he had always been a constant in our lives and especially in the lives of our sons, Kurt and Walker. I am so grateful for having shared part of his life and am better for having known him. He truly was a loving, caring and giving person. I would also like to thank Pam, Phoebe and Phyllis for being there for Kurt and Walker. Please give my respects to Peter Sr, who must be missing Peter's presence most of all.*

“ *Pete will surely be missed by many. He was a great teacher and friend. His kindness will be remembered as he made blankets for my grandchildren. Niesje.*

“ *Pete and I worked together in the Burn Unit. It was always a joy to talk to him and work with him. May you all remember the good times with him, I know I will.*
