“ *When Phil was conceived God put all the good things that He had into that body and Phil never let him down.*

“ *The word special doesn't begin to describe Phil. From our initial encounter receiving our First Communion together, through many championships on the St. Joseph Bogota Grammar School basketball team, continuing with championship baseball teams coached by his Uncle Frank, Phil was an integral part of my life. We were fortunate enough to have his continued friendship until just before he left us, even though we were more than 1000 miles apart. He was stalwart with a smile, forever giving, remembering the details that were important to people. He was truly a family man, loving his wife, his children and his grandchildren and always going the extra mile to be involved in the important things in their lives. And he was the inveterate sports fan, enjoying Big East and Villanova basketball, Giant football and the horse races. We can't imagine the void his passing will create for his family. He will continue to have a special place in our hearts until we can join him again.*

“ Phil's daughter Laura was my college roommate at Villanova and is one of my closest friends to this day. From the day we met, Mr and Mrs Martorelli welcomed me into their home and their family. He was larger than life and always so kind and loving. He will be missed by everyone who knew him. Sending love and prayers to Mrs.Martorelli and her family during this sad time. Love you all.

“ Phil and I conversed on a weekly basis. We shared lots of stories and memories. If ever there was a we/us person, it was Phil. I am deeply saddened, but know he will always be with us.

“ I had the blessing of visiting Phil And Lorraine just a few days at his house before he was called to heaven
When we spoke of our experiences while at Holy Cross a faint warm smile came over his face
Phil will be remembered for his enthusiasm and being full of life!!

“ Phil, I will miss you dearly. We have all shared such wonderful memories my FBIL!
From Hershey, Pa to Sicily, our adventures abound.
I will miss your smiling face and all your words of wisdom.
To my sister ,Lorraine and family, all I can say is hold on to all the great memories and may Phil be at peace.
Love,
Dorothy
