“ I have also been blessed to have work with Richie for eight years. He has always been kind and generous with his time and talent. So much of my job knowledge has been informed by my conversations with him, and I still find myself wondering what Richie would think of this or that. I'm sure he will be missed by all who knew him.

“ I was Rich's Claims TA many years ago early in his career at SSA. I have fond memories of him being a wonderful Claims Authorizer and an intelligent, sweet, gentle man who was very modest and never had a mean word to say about anyone. I offer my condolences to his family and close friends.

“ I was a co-worker of Rich’s for many years and a friend for many more. Rich was one of the kindest and caring persons I have ever known.

*I have watched him as a mentor and he was always patient and kind. He never rushed anyone nor made them feel silly for asking any questions.*

*On 9-11, it was Rich standing beside me as a number of us stood at the window looking towards the World Trade Center. We watched as the plane circled and then struck the second tower. I turned to Rich saying “Oh no, all those people” Rich had a tear in his eye. That was who Rich was, a kind and sensitive soul who will be missed by many.*
