“ *The short time I was acquainted with Bob Culver was filled with new adventures. A frightening trip in his corvette, learning that posted speed signs for curves on highways were just a suggestion according to Bob, hiking with him by Ringing Rocks and watching him scale a rock wall, assisting him with electrical and automotive repair by staying out of the way and last but not least helping him measure a cord of firewood. Bob's straightforward manner and absolute unconditional caring will be missed. I miss him and I just bet he has talked the good Lord into going for a ride with him in whatever car he can find in heaven. Cheers my friend and you are truly missed Peace and happiness to your family.*

“ *Uncle Bob, you may be gone from sight but you will live in our hearts forever. Thank you for being such a wonderful, fun, and loving Uncle. I will cherish the many memories of you forever. He was always willing to help out any way he could. He helped us move from PA to DE, helped me bury Nemo (fish), Bryce's science project, etc, the list goes on and each one with a funny story behind it. I will miss that laugh!! We will miss you dearly Uncle Bob!!*
