“ *Shannon Was a kind loving beautiful soul and person. She had a huge positive impact on my life without even trying. The world has lost an amazing person too soon.*

*My heart goes out to all her close friends who feel the emptiness and loss.*

*rest in peace.*

“ *This truly breaks my heart. Shannon and I met by chance when she decided to take a video editing class and I was the trainer. We instantly hit it off and worked together on a small project together and she eventually got me my first job as an assistant at a production company she was working at. If it weren't for her, who knows where I'd be. Besides helping others find opportunities, she was also a very generous and kind person. She'd always invite the office to concerts she was attending and even got me and my wife a custom Irish bell for our wedding. She always said we were Irish buddies. It hurts to know she's gone, but also glad to have known her. Wishing all the love to her family and others mourning her passing.*
