“ *The friendship and family celebrations we shared, revealed Stella's strong family ethic, tempered with a delightful sense of humor. You couldn't ask for a better combination.*

Loving, caring, cheerful. Her presence will be missed, but her memory will live on.

*Dear Denise & Family,
At this difficult time, we share your sadness.
You are in our thoughts and prayers.
May the happy memories keep you strong.*

“ *She was my Yayia and I am the luckiest grandson who ever lived. No one loved and cared for me the way she did. My most treasured memories were when I'd sleep over and she would wake up in the middle of the night and come in my room just to make sure I was covered. And when ever I was at her house after school she would always cut me fruit and would chase me out the front door if I hadn't had my piece of fruit for the day. I also remember our trips to the driving range where she taught me how to drive golf balls. She was so smart and loving, caring and beautiful.*
