“ *It was with great sadness to have heard of your mother's passing. Your mom was such a loyal friend to my mom over the years especially after my dad's passing. She would always stop in to see how my mother was doing and always offer to pick up something at the store or perhaps give my mom a ride if she needed one. Your mom was truly a caring and compassionate woman. And what a great, friendly and soft-spoken manner your mom displayed always! Whenever I used to see your mom after I moved away she would never fail to ask me, "Hey Ron, how's the bowling?" From one bowler to another, I regret not having seen her one more time for I would surely have told her that in November I finally bowled a perfect game. I know she would have been genuinely happy for me. It certainly was a great pleasure to share our little corner of the world with such a wonderful lady like your mom and with neighbors like the Lueckoffs.*

“ Vivian was so active we often called her "Aunt Busy". Even her handwriting .. my mom used to say if you read it quick it is easier to decipher. I would have loved to see Viv and my sister Joan on the same bowling team! My love and warm thoughts to Laurie, Lynn, Beth and all Viv's grieving family and friends. Thank you for caring for her, and about her, so deeply. Mary Lee, her niece.
