“ *Brother Dacosta my heart is so sad tonight and when I looked at these comments I'm annoyed at the people who don't respect him and coming on here to disgrace your loving family. I pray for them because you don't deserve it. You're a loving family!*

Shut your hell up! You're a samfie like them. You should go an wash as the poster says earlier. You're as upholding as they are. People must be angry. I am angry. My whole family is angry because the family knows me very well and they are calculated. I was at Carla's wedding a few years ago and I thought we were cool like that. Never in a thousand years I would believe that I would see Carla so often and didn't even tell me that her dad was sick like that. How you guys talk about the power of prayer. If it was other people's business they would be in it like water. Leave the people let them talk. Brother DaCosta cannot hear the words of these people. Remember bro DaCosta if you're hearing me I want you to know that heaven is better than this. I will be civil and even though I'm hurt about this I am sending my condolences and good wishes to the family just because of Pastor Dacosta's sake. He wasn't perfect by any means. I am not either and I know that God will take care of it.

“ I am sadden to hear about Pastor Burger passing. I'm loss for words and me doesn't know how put into word how I am felt. Pastor must die of broken art. Yvonne and her children dem are wicked and me would a like to know say pastor were did sick. I hope when Carla go to church the top drop on top of her and learn her some scents. Carla from your married pastor never a looking good again because he know that you marry to woman beater. Your man did want the preacher position. All when some a young came back to Jamaica people don't fart on you. Is true because mi herd that a lady from pastors church was crying in May pen. Yvonne you need the entire rio Minho river to consicrace you. The people serve your church whole years and it a comes to this. Pastor you no say we loves you and we knows that you is in the arms of Jesus. All of you are ashamed of what. Sick is for everyone and don't know when it were be our time. If I see anyone of you right now I kind out my bottom and show you. And I hope when you see what's in my behind you end up in kph hospital. Stop chat about god because you don't know nothing names god. All of you should go and keep man and work obeah because you are unwholly like me. God gonna fling yuh skirt over yuh head and expose unu big baggy. I hope god draw damion on Bryan seed bag tonight. You all are disgusting like your mother queen satan. Satan must be afraid that unu might come down there. Him is afraid Yvonne take him off his trone. I prefer dem set obeah man pan me than Yvonne. Carla I hope you enjoying your marriage. You don't even look happy. All the one doret you tough like over cook aligator. Shadania shut up bout daddy. How long pastor see you before him ded. You're tough like your broad face mother. Your foot dem look like cow gut. Brian go away. I hope you change your ways because you can't chat to no one in church now. Carla you should start go Anglican Church because you cold like ice just like how Anglican worship. Rest In Peace pastor. “ Sister Yvonne, Carla, Brian, Sher, big gut Dor and Shadania, you have no shame. Shut up your mouth and let people talk. You all denied the community of helping to send Pastor out it in style. I am in agreement with Angie. The truth is never palatable for anyone who has a distant relationship with the truth like you people are. When you all go to church Sunday you should sit in the last chair in the church and if there's not a last chair just stand in the church yaad and pray that God doesn't strike you. How can pastor be sick for so long and you hide it. Everytime we inquired we hear that he's coming along. Sister Yvonne I'm told loved to be critical of people who take Lord's Supper if they're not living right. I hope you don't take it until you dip 7 times like nayman. I'm pretty sure you would come back up dirty anyways. I can just imagine the people in Gayle are hurting bad because Pastor was a loving man. The respect that Yvonne and all of you got was because of Pastor. All Yvonne and Carla do is shout and make noise in church like you're holy. If God was like man you'd all die long ago including me too. Let me make it clear I'm a hypocrite sometimes but I am happy that I finally meet some people worse than me..you. You all gave me hope that I'm not the last in the hypocrite line because when I turn baCk to look who's behind me I see you. God is good. Pastor just rest easy. Such a kind man. Man prayed for everyone. Never left without praying for you but his death took us by surprise when he was sick for over a year. Someone I spoke to today from a church in Jamaica went silent on the phone when I told her to let her church know that Pastor DaCosta died. She was speechless and I told her that the entire family was moving side ways like crab. If they don't want to tell you they avoid you. The only reason I see they hiding it for is that they didn't respect or love him. Yvonne as every knows her is a JEZZEBEL!! I hope your passport is ready for hell. Carla you're the driver on the hell bus and Sher you will be the comductress. The man heart must bleed in his final days. I'm not saying he'd get better but we'd want to pray with pastor and then if him go we can say we tried. I feel like I'm suffering from survivors guilt because I didn't do anything to see if God could keep him longer. If you know how I'm crying now. I'm writing this and I'm in pain. God you see and

know!!!! God I'm begging you to forgive me because our spiritual brother and father died like he didn't mean anything to us.

“ *A man of God, a Father, a Comforter, a Councillor, a friend, a prayer warrior all aligns with who Dad was. Dad always knew when something was not right with me and never hesitate to have a conversation with me. He would always end our conversation with giving me some encouragement or with him praying for me. He was SELFLESS. His love for not just his family, but for everyone he came in contact with was one of his BEST attributes. I am super happy that Dad and I maintained a good relationship and I will miss how I use to rub his head and he would look up at me and give me a smile. I will ALWAYS love you Dad. BEST man ever!*

“ *lillethlindsay@gmail.com best dad ever. He would give his last to anyone family or not. One of the thing that stands out about him, he was a man of God and prayer was his foundation. No matter how bad the situation was or how far away we were, we could always call and talk and he would listen and pray with us. And at the end we had to smile because he would always say trust God it will be ok. Your memories will forever live on in my heart. I miss you so so much dada.*

“ *Wish we all knew that you were ill. Kept as a state secret from the church and from people who cared about him. It was wicked act. Church people are angry that they didn't know what was happening to their pastor and bare lies and gaslighting from the family, including the wife. Hell will be hot for some of us. So many people loved this man and would love to even pray with him. Nonetheless he was hidden. People loved this man so much! RIP in peace my Pastor. You'll be missed*

I am not reading this the same was as you. Yvonne is an evil and wicked woman. Carla, you should know better as the only one living in Jamaica and his all of this from the people whose church Pastor Dacosta preached at and supported for so many years. I know it's Covid-19 and I'm not saying that he would get the celebration of life that he deserved but I'm telling you that you all prevented us from being with him in The latter days of his life. You hid him off in one little world. And sad thing is that Yvonne (I fail to refer to you as Sister Yvonne) you are so holy. You're spiritually dead and it's worse than being dead dead with a disease. You need one hundred holy oil to wash you from the crown of your head to the sole of your feet. No one wanted you to tell the world anything specific happening to him. That's your all rights to protect your privacy. I didn't expect you to tell us what was happening to him but at least stop lying that was coming on when you know it's not true. As a head of the church the members should know what's happening to their shepherd. The president of the United States cannot say he doesn't want nobody to know that he's ill because he's accountable to his citizens. People want to know that they are safe after something should happen to their president. As the head of the church it's the same. At least Carla could have told the people of the church that they should prepare for anything and so succession planning could take place. The people are left without their shepherd when the lying Carla, aided and abetted by her very lying ""CHRISTIAN"" mom, decided that the people of the community Bro B. served are left without a shepherd. I hope the Bible disappear from your hands Sunday when you teach Sunday school. God must have delivered Pastor Dacosta from you hands. You're bitter like bile. You need wash out, not by bizzy or sulphuric bitters but the blood of Jesus. I still am praying for you as a family and I know it must be hurting but I'm also hurt that He would come and see me if my dad had died. I'd not have to call him. He came to see me when my mother passed and he came with things in his hands and he left and said, "call me whenever you need me" and I couldn't tel him how much he meant to us all of us in America, Clarendon and all the churches I happen to visit with him sometimes. Anyone who's angry with what I said, you're a hypocrite like them. Everyone knows what they did. Lying and dishonest. Brother Burger, I had to register my disgust and it's because I love you. Go to hell anyone who is vexed. And if you believe that they weren't deliberate with how they behave then I have a bridge to sell you!!

“ *Brother Burger: As I always call you. I don't know where to begin and where to end. My heart is so broken and sad right now. Man of God, brother, Uncle, brother in law, husband, father, grandfather, peace maker. Community helper, prayer warrior. you will be greatly missed. Sister June as you called me. I always appreciate whenever I visited you, and it was time for me to leave. You never let me go on my journey unless you joined hands to-gather and pray. Those memories will stay with me for ever. My heart felt condolences to entire Dacosta family. we love you, but the creator loves you more. Rest in eternal peace with your maker. On that great day when the trumpet 🎺 sound , and the dead in Christ shall arise you will walk on streets of gold. Pastor Dacosta we truly missed you. Sister June/Marcia ❤️❤️❤️❤️❤️🙏🙏🙏🙏🙏🙏🙏🙏*

Soon death will be no more and I can't wait for that day to come as we mourn the death of a soldier for God. I know he is miss by us and his community brother Burger have left a legacy of example for us to follow and how to love and care for the less fortunate around us, if we are not doing this whether by encouraging words, prayers, are looking out for those among us let us do so now. Whenever you went to visit him he never allow you to leave without a prayer. He will be forever miss and cherish his memory, to our family let us use this to draw closer to each other and check up as well take nothing for granted, the devil is fighting for soul and God is determine to save us. My Uncle in law was a great example of how we should live among each other's. He was surly love

Rest in eternal peace Mr. DaCosta. I remember when my mother used to work with the family and I used to come and assist her with the washing you and your family were really good to us.
