“ *Bill was my good and close friend for well more than 20 years. He was kind and sincere with me and always there for me if I needed it. He kept my personal truth secret unlike others and he always had a kind word for me when I was down. Practical and hard working he loved and honored his family and other friends. I will never forget our many fishing trips together, some of which were really great like tuna fishing out of Montauk as well as going out of Huntington during the Huntington Anglers competitions etc. I will miss him always and I will honor his name and memory. “ My husband and I are met Captain Bill when we joined The Huntington Anglers Club. He made us feel so welcome at the first meeting. We then went on the James Joseph and he was on the party boat with us and he remembered us from the meeting and he gave me a pair of gloves to keep my hands warm because it was a little chilly that day on the water. I always looked forward to all of the different functions and the meetings because I knew that Captain Bill would be there. He was a warm, caring, thoughtful and special person and we are going to miss him so much. We only knew him for a short time but we are glad that we did meet him and get to know him and spend some time with him. Our deepest sympathies to his wife Mary and the entire Mazur family. We all loved him and we will miss him. RIP Captain Bill It just won't be the same without you. You will be in our thoughts always. Some of the members in the club have shared their stories and memories of their time spent with you and we look forward to hearing from others that have memories also. RIP
